conversations with elie wiesel is a far ranging dialogue with the nobel peace prize winner on the major issues of our time and on life s timeless questions in open and lively responses to the probing questions and provocative comments of richard d heffner american historian noted public television moderator producer and rutgers

university professor elie wiesel covers fascinating and often perilous political and spiritual ground expounding on issues global and local individual and universal often drawing anecdotally on his own life experience we hear from wiesel on subjects that include the moral responsibility of both individuals and governments the role of the state in our lives the anatomy of hate the threat of technology religion politics and tolerance nationalism capital punishment compassion and mercy and the essential role of historical memory these conversations present a valuable and thought provoking distillation of the thinking of one of the world's most important and respected figures a man who has become a moral beacon for our time

the art of inventing hope offers an unprecedented in depth conversation between the world's most revered holocaust survivor elie wiesel and a son of survivors howard reich during the last four years of wiesel's life he met frequently with reich in new york chicago and florida and spoke with him often on the phone to discuss the subject that linked them reich's father robert reich and wiesel were both liberated from the buchenwald death camp on april 11 1945 what had started as an interview assignment from the chicago tribune quickly evolved into a friendship and a partnership reich and wiesel believed their colloquy represented a unique exchange between two generations deeply affected by a cataclysmic event wiesel said to reich i've never done anything like this before and after reading the final book asked him not to change a word here wiesel at the end of his life looks back on his ideas and writings on the holocaust synthesizing them in his conversations with reich the insights on life ethics and memory that wiesel offers and reich illuminates will not only help the children and grandchildren of holocaust survivors understand their painful inheritance but will benefit everyone young or old

elie wiesel plucked from the ashes of the holocaust became a nobel peace laureate an activist on behalf of the oppressed a teacher an award winning novelist and a renowned humanist he moved easily among world leaders but was equally at home among the disenfranchised following his nobel prize wiesel established the elie wiesel foundation for humanity one of their early initiatives was the founding of the elie wiesel ethics essay contest the reflections in this volume come from judges of the contest

they share their personal and professional experiences working with and learning from wiesel providing a glimpse of the person behind the public figure at a time when the future seems ominous and chaotic at best these reflections hold on to the promise of an ethically and morally robust possibility the students whose essays prompt this sense of hope are remarkable for their insight and dedication the messages embedded in the judges reflections mirror wiesel s convictions about the importance of friendship the need to interrogate without abandoning god and the power of remembrance in order to fight indifference

twenty years after he and his family were deported from sighet to auschwitz elie wiesel returned to his town in search of the watch a bar mitzvah gift he had buried in his backyard before they left

elie wiesel has given hundreds of interviews yet his fame as a human rights advocate often directs such conversations toward non literary issues indeed many of wiesel s questioners barely address the writer s role that has defined him since the 1950s unlike previous volumes in which he speaks with interviewers elie wiesel conversations collects interviews which set in relief the writer at work this book focuses on wiesel the literary artist instead of wiesel the holocaust survivor or the 1986 nobel peace prize laureate beyond highlighting wiesel s literary significance these interviews also correct many faulty assumptions about his achievement few american readers know that he writes in french that he has been favorably compared to andr malraux and albert camus not many realize that the holocaust has been the subject of only a few of his forty books particularly in his nonfiction wiesel s scope is wide addressing jewish life in all its religious and historical complexity though most of wiesel s books do not focus on the holocaust they are written against the backdrop of what he has come to term the event always the presence of auschwitz can be felt always the author lives in the shadows of the flames that once illuminated and blinded him these interviews are reminders that the writing life is both solitary and public interior and social the writer must venture beyond his study and speak out against the world s traumas and outrages robert franciosi is an associate professor of english at grand valley state university in allendale mich he is the editor of good morning a holocaust memoir his work has appeared in american poetry contemporary literature modern jewish studies

and the William Carlos Williams review
